

Grand Rounds

Presented by:
The Department of Surgery

Dr. Tara Hughes

"IPMNs: Current recommendations regarding resection and surveillance"

Educational Objective:

1. Review the different types of IPMNs and associated risk of malignancy.
2. Know the current guidelines regarding resection and which features are considered "high risk."
3. Review the current recommendations for surveillance of the pancreatic remnant

Due to social distancing guidelines, virtual attendance has been added. Join by clicking (Ctrl+ click) the link below:
