Children’s of Mississippi visitor policy in response to COVID-19

Our number-one priority is to keep your child and all patients safe.

Effective June 1, 2021, and until further notice, the visitor policy is as follows:

**Children’s of Mississippi inpatients:**

- Four adult caregivers, including legal guardians, may be designated for the duration of the admission. Only two visitors are allowed at a time and per day.
- Visitors are required to wear a mask and remain in the patient room or associated designated area for the entirety of the visit.

**Children’s of Mississippi ambulatory clinics, ED, and procedural areas:**

Two adult caregivers may accompany a patient to clinic visits. However, we request that only one caregiver accompany a patient to appointments at a Children’s of Mississippi location, if possible.

Visitors, accompanying caregivers and pediatric patients over the age of two must wear face coverings for the duration of the visit. We ask that a mask be brought from home, however, face masks are provided at entrances for those who do not have one.

**Fetal Center:**

- Patients may be accompanied by one support person.

**Hospital visiting hours:**

- Monday-Friday 5:15 a.m. – 7:00 p.m.
- Saturday- Sunday 10:00 a.m. – 7:00 p.m.
