Click on Finish to begin using Citrix Receiver	
	Finish

- It is a good idea to reboot your PC at this point but you can proceed with using the Citrix Receiver client if you wish to postpone the reboot
- Open your Internet browser and type *mycitrix.umc.edu* in the address field and then press *ENTER*
- As you proceed forward be careful to watch for any prompts from the Internet browser to enable Citrix add-ons or launchers. These must be approved by you for the Citrix Receiver client to function properly with that particular Internet browser.
