EARN Microsoft Outlook App

Quick Reference: IOS Mobile Device Download

Keep in Mind

Before Downloading the Outlook App, Follow the **MS Authenticator IOS Tip Sheet** first. You must have the Authenticator app in order to use the Outlook App.

Download the Outlook App

1. On your Mobile Device in the App Store, search and download the Outlook App.

Outlook App Set-Up

 Once in the App, type your UMMC Email Address and select Add Account then select Outlook as your Email provider.

Privacy & Cookies				
	Yahoo! Mail	iCloud	Google	

2. You will then be prompted to go the Authenticator App.

3. Once in the Authenticator App, it will ask you to restart the app. Select **OK**.

4. Go out of the Authenticator App. Click back into the Outlook App and you are Logged in.
