Emergency Procedures (Alert U)

The University of Mississippi Medical Center operates an emergency notification system for extreme emergency situations. Students can increase the effectiveness of this service by maintaining incoming text service and an up to date cell phone number in Workday. This system provides rapid notification of emergency messages via text messaging, email and voice mail.

Severe Weather Warnings

In collaboration with the National Weather Services, UMMC has a two-tiered response to severe weather events.

Active Shooter: What To Do

In the event of an active shooter threat, here are helpful tips on what you should and should not do to ensure your safety at all times.

Mistreatment & Title IX

The University of Mississippi Medical Center (UMMC) is committed to creating and maintaining a learning and working environment that is free from unlawful discrimination based on sex in accordance with the Title IX of the Higher Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in education programs or activities.
