

FEBRUARY 24, 2020

Research fellow to offer androgen excess insights

Edgar D. Torres Fernandez, a postdoctoral research fellow, will give the Cell and Molecular Biology seminar, "Androgen-excess in Women: Insights into the Links between Obesity and Hypertension," at 3 p.m. on Monday, Feb. 24, in classroom 3A.

Waller to present Pharmacology Seminar

Jamarius Waller, MD. PhD. Student in the Department of Pharmacology and Toxicology will present "Examining the Toxicological Profile of the Pro-Angiogenic Therapeutic, ELP-VEGF" at noon on Monday, Feb. 24 in R153.

Physiology prof to investigate fetal insult consequences

Dr. Barbara Alexander, UMMC professor of physiology and biophysics, will give the physiology seminar, "Insults During Fetal Life and Consequences Across the Lifespan," at noon on Wednesday, Feb. 26, in room CW106 of the Classroom Wing.

Duncan and Pantazopoulos to present at CRRC WIP Meeting

Jeremy Duncan, PhD. Instructor, Department of Physiology and Biophysics will present, "Cytokines impair cerebrovascular function during pregnancy" and Harry Pantazopoulos, PhD, Assistant Professor, Dept. Neurobiology & Anatomical Sciences will present, "Neural Correlates of Circadian Rhythm Dysfunction in Bipolar Disorder" on Thursday, February, 27, 2020 at 1 pm in G451-04.

Congratulations to Evangeline Deer, PhD, Postdoctoral Fellow, Department of Pharmacology & Toxicology for receiving the 2020 Caroline tum Suden/Francis A. Hellebrandt Professional Opportunity Award and will be recognized at Experimental Biology 2020 in San Diego in April.
