

POPULATION HEALTH GRAND ROUNDS PRESENTS

TOPIC:

Geospatial Research and Resources at UMMC

Monday, March 26th, 2018 • 12:00 – 1:00 pm

Location: 4th floor conference room, New Guyton

Dr. Fazlay S. Faruque
Professor

Objectives:

- A. Recognize the basics of geospatial technology applicable in health research and care
- B. Evaluate the geospatial health activities at UMMC
- C. Identify the collaboration opportunities using geospatial tools in the area of population health

Fazlay S. Faruque is a Professor of Preventive Medicine and Director of GIS and Remote Sensing in the John D. Bower School of Population Health. He also holds an appointment in the Department of Medicine, Division of Infectious Diseases in the School of Medicine. Dr. Faruque received his educational training in Geology and Mining from the University of Rajshahi and later in Geological Engineering from the University of Mississippi. Before joining UMMC in 2000, Dr. Faruque worked for a consulting firm holding positions as GIS Analyst, GIS Technical Manager and GIS Manager. Dr. Faruque has been teaching and conducting research in geospatial science and technology with an emphasis on environmental health for twenty nine years which has been supported by funding from NIH and NASA. Currently, he is serving as the chair of a Working Group on Environment and Health of the International Society for Photogrammetry and Remote Sensing (ISPRS).
