

POPULATION HEALTH GRAND ROUNDS PRESENTS

TOPIC:

Person-centered research: Detection of traumatic stress and resilience

Monday, February 28, 2022 • 12:00 pm – 1:00 pm

Location: BigBlueButton or dial in 1-863-208-0022 (pin: 337 216 271)

John S. Lyons, Ph.D.

Director
Center for Innovation
in Population Health (IPH Center)
University of Kentucky

Objectives:

1. Explain person-centered research
2. Express the role of the communimetric theory of measurement in person-centered research
3. Identify the detection of traumatic stress and the role of strengths in reducing the impact of traumatic life events

John S. Lyons, Ph.D. is the founding Director of the Center for Innovation in Population Health at the University of Kentucky and a Professor of Health Management and Policy in the College of Public Health. After receiving his doctorate in Clinical Psychology and Statistics from the University of Illinois at Chicago, he completed a National Service Award in Mental Health Services Research at the University of Chicago. He spent 24 years at Northwestern University becoming a Professor of Psychiatry and Medicine and the founding Director of the Mental Health Services and Policy Program. After six years as the Endowed Chair of Youth Mental Health at the University of Ottawa, he returned to Chicago as a Senior Policy Fellow at Chapin Hall at the University of Chicago until moving to Lexington in 2019. He has developed the only theory based approach to outcomes management, Transformational Collaborative Outcomes Management (TCOM) an collaborative assessment tools to support this system change approach, most notably the Child and Adolescent Needs and Strengths (CANS). In 2020, the CANS and TCOM approach will touch the lives of nearly 80% of all children and adolescents served in child welfare or public behavioral health in the United States. There are implementation on every continent except Antarctica. He has published more than 250 peer reviewed articles and six books including “Redressing the Emperor: Improving our children’s public behavioral health system” and “Communimetrics. A communication theory of measurement in human services”.
