Monica Daniels, M.S.

Executive Director,
Special Olympics Mississippi

Monica Daniels is a native Mississippian with 25 years' experience working in the non-profit sector. She received her BA in Psychology from Delta State University and her MS in Behavior Analysis and Therapy from Southern Illinois University. She began her post graduate work in pediatric neuro-rehab until learning that her (then) 18-month old daughter was profoundly deaf. It was then that Monica began to work for non-profits; starting with Magnolia Speech School where her daughter was enrolled as a student. After 11 years at Magnolia Speech School, Monica went to work for United Way of the Capital Area as the Vice President of Resource Development, while there she initiated the organization's first young professionals board and implemented Imagination Library in the tri-county area. Upon leaving United Way, Monica served as the Director of Annual Giving for Millsaps College.

In December of 2016 she was offered the position of Executive Director for Special Olympics Mississippi. In this role she serves over 5,000 athletes with intellectual disabilities who participate in sports training and competition. As a movement, Special Olympics is one of the largest health care advocates for individuals with intellectual disabilities. She is humbled and honored to serve all of the athletes and their families of Special Olympics.
