

## Department of Health Sciences

### **Faculty Position**

*Health Informatics & Information Management Program*

*University of Mississippi Medical Center*

**JOB TITLE:** Assistant Professor (Non-Tenure track)

**JOB SUMMARY:** The University of Mississippi Medical Center invites applications for a full-time faculty position in the Health Informatics and Information Management Program, Department of Health Sciences. This is a 12-month appointment (non-tenure track) at the initial rank of assistant professor. Salary is commensurate with experience. The department offers an upper division two-plus-two baccalaureate program, a master's program in health informatics and information management, and a post-baccalaureate certificate in health informatics. Classes are offered in an online format. **All work is performed on campus. This is not a remote position.**

Position Requirements:

- Masters degree, with subsequent completion of doctoral program expected.
- Expertise in revenue cycle management, data analytics, electronic health records, and system design and development.
- Registered Health Information Administrator (RHIA) credential or other AHIMA credential (e.g. RHIT, CCS, CCS-P, CDIP, CHDA, or CHPS)

Responsibilities include:

- Teaching baccalaureate and master's level courses in health informatics & information management.
- Participation in departmental, school, and Medical Center committees, student advisement, and research activities.

Health Sciences is one of six departments in the School of Health Related Professions. The School is one of seven, including Dentistry, Graduate Studies, Medicine, Nursing, Pharmacy, and Population Health located on the campus of the University of Mississippi Medical Center, a major health sciences campus located in the state capitol of Jackson, with an area population of more than 500,000. The medical center campus provides a collegial atmosphere with opportunities for interdisciplinary collaboration.
