COMPETENCY	1	2	3
1. The preceptor reviewed the course objectives and your individual objectives with you at the beginning of the preceptorship.			
2. The preceptor provided an adequate orientation to the clinical setting.			
3. The preceptor was a role-model for professional practice and behaviors.			
4. The preceptor provided appropriate learning experiences that enabled you to utilize your knowledge and skills.			
5. The preceptor provided a sufficient number of learning experiences appropriate for the course requirements and as available.			
6. The preceptor provided clinical experiences that utilized evidenced based practice and fostered critical thinking.			
7. The preceptor created conditions that were conducive to your self-learning and self-evaluation.			
8. The preceptor was easily accessible and allocated sufficient time for consultation.			
9. The preceptor observed you directly when appropriate and provided constructive feedback.			
10. The preceptor periodically reviewed your progress toward the achievement of course objectives.			
11. The preceptor evaluated your overall performance and shared it with you and the course faculty member.			
12. Based on your experience, you would recommend this preceptor to future students.
