After acceptance into the Post-Master's program, a student may create a custom plan of study (POS), taking one or more courses per semester to meet individual needs. The curriculum may be completed in 4 to 8 semesters, depending upon whether the students take 1 or 2 courses per semester.

N659 and N696 must be taken **together** after the completion of ALL other courses. The credit hours for both courses may be divided between two semesters, if desired.
