

Theta Beta Chapter of Sigma Theta Tau International

Small Research Grant Program

Purpose

To encourage nurses and/or nursing students to contribute to the advancement of nursing through research.

Research Funding

Allocation of funds is based on the quality of the proposed research, the future promise of the applicant, and the contribution of the research proposed to nursing science and public benefit. Nursing students enrolled in a DNP or PhD educational program who are actively engaged in conducting original research are strongly encouraged to apply. Applications from novice researchers who have received no other national research funds are encouraged and will receive preference for funding, other aspects being equal. Preference will be given to Sigma Theta Tau members, other qualifications being equal. Annual funding is provided by Sigma Theta Tau Theta Beta Chapter. *Funds for this grant do not cover expenses incurred prior to the funding date.*
